Odds 2-100 You'll Be Crime Victim This Year

WASHINGTON (AP) — If there are 100 people on your block chances are two of you will be murdered, raped, robbed or beaten in the coming year. And if somebody pulls a weapon on you, it probably will be a gun.

These are key facts in the

FBI's annual Uniform Crime Reports, a volume of data supplied by law enforcement agencies across the nation.

It was released Monday with a message from FBI Director J. Edgar Hoover calling for "great social action to prevent and abort more careers in crime."

The report contained for the first time a detailed compilation of murders by firearms in all states between 1962 and 1967.

The statistics show a significantly higher incidence of murder by firearms in states without strict gun controls than in those few that have such con-

trols—a showing in keeping with Hoover's long-time campaign for federal gun controls.

One of the most startling statistics for the decade, showing an 89 per cent increase in serious crime in the nation since 1960, with a rise in crimes of violence of 73 per cent.

Serious crime—there were more than 3.8 million serious offenses committed—rose 16 per cent in 1967 over 1966, the report said. Nearly 500,000 of these serious crimes were classified as crimes of violence.

Firearms were used in 63 per cent of all murders. In 1966, gun

murders amounted to less than half—47 per cent—of all homicides. There were also 11 per cent more murders last year than in the previous 12 months, the report said.

The police battling average in solving crime fell by 8 per cent, and Hoover expressed some

concern over the reason the report gave for the slippage.

He blamed court decisions which he said restricted police investigative and enforcement practices, plus the increase in workload for police not related to crime, and understrength police forces.

Czechs Told Liberalism Stays, Troops Will Leave Eventually

PRAGUE (AP) — President Ludvik Svoboda told the Czechoslovak people today that the nation's liberal course will continue on the path established with the January ouster of former President Antonin Novotny.

The Warsaw Pact troops now occupying the country will be withdrawn gradually, he said in a nationwide radio address after returning from Moscow.

"We wish to continue to develop a Socialist order, strengthen its humanistic, democratic character as expressed in the action program of the Communist party and in the declaration of the government," Svoboda said.

Build Country

"We wish to continue with the entire national front to build our country as the home of the working people.

"From these intentions we shall not budge even one step. We shall naturally not admit its abuse by those to whom the interests of socialism are alien."

He told of basic agreement with the Soviet Union and its allies on "the gradual, complete withdrawal" of their troops, and added: "Until that time their presence is a political reality." As he spoke, Soviet tanks were pulling back from strategic points in Prague, but they remained nearby.

Troop Withdrawals

The Soviet Union announced today the Moscow conferees had agreed on conditions for troop withdrawals "as the situation in Czechoslovakia normalizes."

Svoboda headed a Czechoslovak delegation that held four days of talks in Moscow with Soviet leaders. He and his delegation, including Alexander Dubcek, the reformist Communist party leader, returned to Prague early today.

Censorship Renewed

Informed sources said possibly as many as 100,000 Soviet troops would remain in Czechoslovakia, at least for a while, with orders not to interfere in the country's internal affairs. Even such reforms as press freedom might be left intact, they said, but the Free Czech Radio said censorship would apply once more to all matters concerning other Communist countries.

There were indications more talks would be needed for final agreement.

The raising of the presidential flag at Hradcany Castle at 5:25 a.m. signaled the return of President Ludvik Svoboda, who led the Czechoslovak delegation to Moscow Friday.

Dubcek Returns

The Free Czech Radio said those who returned also included Communist party chief Alexander Dubcek, who came to power in January and started leading his country away from 20 years of Stalinist-type rule. Fears that his liberalization drive would spread prompted the lightning invasion Tuesday night by troops from the Soviet Union, Hungary, East Germany, Poland and Bulgaria. Dubcek was arrested by the Russians but was released for the Kremlin negotiations.

Passiveness Praised

A few hours after the leaders returned, sirens, bells and car horns signaled the start of another 15-minute silent demon-

stration to protest the occupation.

But Czechoslovak officials expressed confidence that if the leadership consented to continued presence of Soviet troops in the country, the public would abide by their decision.

"Our people have reached a degree of maturity which is probably unsurpassed in mod-

ern history," one said. "It is our biggest hope and our most powerful weapon. It sounds paradoxical, but Russian aggression has made us freer than ever before."

Soviet troops withdrew during the night from around the presidential castle, the government offices and the National Assembly building. Tanks also had

withdrawn from the bridges in Prague across the Vltava River but were still seen in side streets near the castle.

"All Over Place"

Discussing the troop movements, one young Czechoslovak shrugged and said: "Don't you see, they are still all over the

The President Turns 60

'Happy Birthday, Lyndon, Today

AUSTIN, Tex. (AP) — President Johnson turned 60 today, slimmer, grayer and more secretive about his birthday doings.

Unlike past years in which the presidential birthday was usually observed by a big family gathering with plenty of notice beforehand, there was no advance word on what Johnson planned.

While Johnson celebrates—or at least observes—the start of his sixth decade, the party he heads is holding its nominating convention in Chicago.

When and whether Johnson would pay a visit to the convention was the subject of much speculation, but traditionally outgoing presidents have waited until after the nominations before putting in an appearance.

That would make it Thursday if a presidential visit is planned at all.

Just four years ago, Johnson was the toast of the boardwalk at Atlantic City, N.J., when Democrats gathered for their quadrennial convention. Showing up for a gala birthday salute, the President accepted nomination and went on to win a record landslide over Republican Barry S. Goldwater.

Today was different: Johnson is not a candidate for another term. His popularity within his own party has been eroded by war in Vietnam and civil discord at home.

At 60, and after nearly five years as president, Johnson is much grayer and his face is more deeply lined than when he took over the nation's highest office. But, on the plus side, some find him slimmer—testimony to the rigors of a series of strenuous diets.

Jackie Home

BOSTON (AP) — Mrs. John F. Kennedy has returned to the United States following a vacation in the Greek Isles.

She arrived at Logan International Airport Monday afternoon and then flew on to Hyannis. She did not talk with newsmen. At Hyannis she was met by her son John and daughter Caroline. They all went to the Kennedy summer home at Hyannis Port.

Victim of a major heart attack in 1955, he never has suffered any recurrence of that ailment, so far as is publicly known. And it has been a mark of his presidency that he has driven himself, physically, at a pace matching the most vigorous of any of his predecessors.

Cavanagh Backs Senator McGovern

CHICAGO (AP) — Mayor Jerome Cavanagh of Detroit endorsed Sen. George C. McGovern Monday night for the Democratic presidential nomination. He said he would make a second speech when McGovern's name is placed into nomination.

He said many in the party believed that McGovern could do better in handling urban problems which he said cannot be separated from the war in Vietnam.

Today's Chuckle

Modern mathematics: The number of blasts that come from auto horns in a traffic jam is equal to the sum of the squares at the wheels.

"This is the final warning," a police loudspeaker boomed.

"We have information that some persons in the crowd intend to injure police officers. We will take whatever measures are necessary to see that

no one gets hurt, including police officers."

Then police lobbed in tear-gas canisters, and the throng streamed through the park and out into a major intersection. Many held handkerchiefs over

tearing eyes when they reached the street.

A police squad car that had attempted to approach the crowd from behind was stoned and its windows and flashing light broken.

3,000 Protest War, Draft

CHICAGO (AP) — More than 3,000 demonstrators protesting the Vietnam war and the draft were routed from a North Side park with tear gas Monday night and chased, chanting and shouting, through Chicago streets.

Twenty-nine demonstrators and two reporters were hospitalized, and scores of other persons were treated for lesser injuries.

Sixty-seven persons were arrested. Details on charges were not immediately available. Some 14 newsmen covering the protest were set on by police and beaten. Some of the newsmen had microphones and television cameras in their hands, and others had Democratic National Convention press credentials dangling from their necks.

Several miles across the city the convention met for its first session, surrounded by a tight ring of security and undisturbed by outside demonstrators.

Shortly before the park confrontation, more than 1,000 of the protesters, youths in the peace movement and Yippies—members of the Youth International party—broke through several pockets of police security and marched to the downtown Democratic headquarters.

The clash in Lincoln Park, which runs several miles along the North Side lakefront, was sparked by the protesters' refusal to obey a police order to clear the park for an 11 p.m. curfew.

The group quickly erected a barricade of picnic tables and trash cans in one corner of the park against some 600 policemen massed in a parking lot opposite them, and chanted: "Hell no, we won't go. The parks belong to the people."

A CHICAGO policeman reaches out and charges into a crowd of disorderly Yippies and Hippies during a disturbance Monday at Chicago's Lincoln Park. The sign in the foreground is on a police motorcycle. The trouble started when the protesters, in town to demonstrate during the Democratic National Convention, refused to leave the park at the 11 p.m. closing time. (AP Wirephoto)

Humphrey Tightens Hold On Nomination

Democrats End Unit Rule

CHICAGO (AP) — Democrats

have swept away the century-old tradition of unit-rule voting, despite a claim that front-running presidential hopeful Hubert H. Humphrey supported a move to delay the action until 1972.

Vice President Humphrey has been under fire in Texas and other Southern delegations for the role played by his supporters in joining with backers of his chief rival, Sen. Eugene J. McCarthy, to vote unit rule abolition in the Rules Committee last week.

But he may have made up for that with a statement Monday, quoted amid boos to the Democratic National Convention by Texas delegate Tom Gordon, that "If you want to abolish the unit rule, well and good. But let's pass a resolution that will be effective in 1972."

"I don't think that we ought to abolish what I think is an undemocratic rule by an undemocratic procedure," Gordon quoted Humphrey as saying.

But Gordon's move to substitute a minority recommendation to retain the unit rule for this convention and abolish it in 1972 was shouted down by an overwhelming voice vote.

Accommodation for a "freedom of conscience" requirement to permit individual delegates to vote as they wish was then approved, also by voice vote.

Nine delegations, Texas, Alaska, Arkansas, Canal Zone, Georgia, Kansas, Missouri, Louisiana and South Carolina, came to the convention with unit rules requiring all votes to be cast the

way the majority voted.

The action could have the effect of freeing some delegates in the Oregon and Massachusetts groups, where McCarthy now has the entire delegation because of his victories in the two states' winner-take-all primaries. But past conventions have made no effort to enforce state primary laws.

On the whole, the disappearance of the unit rule after 108 years is expected to have little effect on the presidential balloting. Subsequent roll call votes showed most of the members in the unit rule states sticking together.

Monday night's action came as the convention adopted its temporary rules.

Artillery Base Hammered Hard By Cong Rockets

SAIGON (AP) — An American artillery base on the jungled infiltration corridor northwest of Saigon came under blistering, 200-round rocket and mortar barrage today and then beat back a weak infantry assault.

By the light of flares from circling support planes, the Americans cut down at least 27 enemy soldiers.

U.S. headquarters estimates 7,500 enemy slain in the intensified Viet Cong assaults of the last nine days, and the Communist command appeared to be shifting to less costly rocket and mortar attacks. The allied command reported heavy barrages at camps and towns from the demilitarized zone south to the Mekong Delta.

In addition to the 200-shell barrage at Fire Base Rawlins, about 50 miles northwest of Saigon, enemy gunners raked four other posts along the infiltration route northwest of the city. Two of the camps were hit by light infantry assaults.

Shells were reported at a dozen South Vietnamese and American camps in the Mekong

Delta and in the Duc Lap area where more than 800 enemy died attempting to overrun a U.S. Special Forces camp over the weekend.

Enemy gunners in the Duc Lap area also shot down a twin-engine Caribou transport plane Monday, and a ground patrol that reached the wreckage found the three American crewmen dead. Air reinforcement of Duc Lap appeared to be risky still.

Along the demilitarized zone, North Vietnamese gunners opened up Monday and today with the heaviest shellfire there in several weeks. U.S. Marine bases at Dong Ha, Cua Viet and below Con Thien caught almost 250 rounds, many of them from 130mm guns firing from North Vietnam.

Braced for an expected third enemy offensive, the allied command sent B52 bombers to drop some 750 tons of bombs Monday night and today, mostly on the northwest approaches to Saigon and on the inland flank of the demilitarized zone.

The pattern of enemy assaults over the past nine days has allied officers puzzled however. There was speculation that instead of launching massive third wave assaults that were generally expected, the Communist command might gradually accelerate the pace, as it appears to be doing. But allied officers emphasized it was still too early to tell.

Bit Optimistic Over Ike Today

WASHINGTON (AP) — Former President Dwight D. Eisenhower's condition is still "critical," his doctors reported today, but they now feel that they can voice "cautious optimism" about his outlook.

Thus it appeared that the five-star general who suffered his seventh heart attack on Aug. 16, had rallied, at least temporarily, from a series of setbacks of varying degree of severity that had beset him beginning with last Saturday morning.

The 77-year-old general and former president endured a concentrated new series of rapid spasms early Monday. The irregularity leveled off during the day, doctors said.

The irregularity at no time Monday reached the stage of ventricular fibrillation or fluttering action that has occurred 10 times since his seventh attack Aug. 16 and poses his biggest threat.

The fibrillation can leave the brain without oxygen-rich blood and cause death if not stopped quickly.

Win By A Vote

LOWELL (AP) — By a one vote margin, 458 to 457, Lowell School District voters Monday approved a 3.3 mill, one-year levy to help erase a \$100,000 operating deficit.

War Plank Vote Tonight Gauges Delegate Vote

CHICAGO (AP) — Vice President Hubert H. Humphrey tightened today his encircling embrace on the Democratic presidential nomination with the apparent collapse of efforts to draft Sen. Edward M. Kennedy and the erosion of Southern resistance.

A party convention vote tonight on a Vietnam plank in the platform, shaped to Humphrey's liking and opposed by Sen. Eugene J. McCarthy of Minnesota, seemed likely to provide a key countdown on the nomination outcome.

The Platform Committee put before the heavily-guarded and restricted convention a plank rejecting any unconditional halt of the bombing of North Vietnam.

LBJ May Fly In

Following the policies laid down by Humphrey—and opposed by McCarthy—the committee recommended a declaration that cessation of the air strikes must not endanger the safety of U.S. troops and must be made only when there is evidence of a reciprocating military de-escalation by North Vietnam.

White House associates said the adoption of such a plank could be the signal for a decision by President Johnson to fly to the convention later this week to receive its plaudits, after the presidential nomination is voted.

A visit on his 60th birthday today, however, was all but ruled out.

There was a tumultuous floor fight in prospect on the Platform Committee's version of how to get peace in Vietnam. The committee struck hard at the views of McCarthy and Sen. George S. McGovern of South Dakota, a fledgling candidate who has failed to draw any significant support to his belated bid for the top nomination.

Reject Cong Ties

The committee rejected McCarthy's and McGovern's variously worded proposals for American withdrawal from Vietnam. It turned down McCarthy's suggestion that the United States make an advance commitment for the inclusion of Communist representatives in a coalition Saigon government.

Instead, it said the makeup of that government should be determined "by fair and safe-guaranteed elections open to all major political parties and factions."

This preliminary victory for Humphrey's viewpoint was reflected by other developments in an early morning hour session that seemed to propel the vice president even further ahead of his rivals for the top nomination.

Texas Issue

Insurgent Democrats backed by McCarthy failed in their challenge to the seating of a Texas delegation headed by Gov. John Connally, who is expected to take his 104-vote group into Humphrey's camp.

The challengers, who sought 50 seats on the delegation, were turned back by a vote of 1,368 to 955.

Convention delegates previously had defeated a proposal to delay action on the troublesome questions of seating delegates.

Supporters of McCarthy and McGovern wanted the argument delayed. Humphrey asked that the questions be settled immediately. He got his way by a 1,691½ to 875 vote, substantially larger than the 1,312 votes needed for a presidential nomination.

Escanaba Area Schools Open Tuesday, Sept. 3

Classes for students of the Escanaba Area public schools—with buses not running for the first time in the history of the consolidated district—will begin Tuesday, Sept. 3, announced Supt. Luther M. Barrett.

Transportation of students by bus was eliminated by the Board of Education in the austerity operation forced by defeat of the district's millage proposal earlier this month.

Last year the district transported about 1,500 students, including about 200 parochial school students.

Anticipated enrollment in the district is about 4,650 students, including about 1,425 at the high school.

Times Listed
Classes Tuesday will begin at regular times, 8:30 a.m. for the junior and senior high schools and 9 a.m. for all elementary schools except Cornell where the starting time is 8:30 a.m. Dismissal times will be 3:06 p.m. for the junior high, 3:15 p.m. for the high school and 3:30 to 3:45 p.m. for elementary schools except Cornell where students will be dismissed at 3 p.m. because of the earlier starting time.

Tuesday also is registration day for kindergarten children by parents. Kindergarten children will first report for classes Wednesday, Sept. 4. Parents registering children must have birth certificates. Barrett reminded parents of the new textbook rental and

supply fees instituted by the Board of Education. Parents are asked to pay the fees on the first day of classes, if possible.

The fees are: Kindergarten, \$1.50; Grades 1 through 6, \$12; Grades 7 and 8, \$10.50, and Grades 9 through 12, \$9.75.

Barrett said it is understood and regretted that the loss of bus transportation will work a hardship on many families in the district.

"Every possible effort will be made to prevent undo hardship," he said. "However, many conditions must be taken into consideration and adjustments will be few."

Law Is Cited
The superintendent emphasized that the buses will not operate, but that some elementary students might be shifted into schools closer to their residence if enrollment conditions permit. For example, he said, students in a township area might reside closer to an elementary school in Escanaba and some changes might be allowed.

Attention is called to the compulsory school attendance

City Employee Residence Rule Up To Council

The request of Escanaba city employees to change a rule requiring they reside within the City of Escanaba has been referred to the City Council by the Civil Service Commission.

The employees would like to have the rule changed to permit them to live within five miles of the city. At the Civil Service Commission meeting in the City Hall Monday afternoon, an employee spokesman cited the housing shortage in the city as one of the reasons for the request. Employees also feel that residence within five miles of the city would not result in a problem for any city department.

The Commission in discussion indicated that it feels that such a policy change should be the responsibility of the Council, whose members are elected representatives of the people. The Commission indicated it would chance the rule on recommendation of the Council.

One of the reasons cited in the past for the city-residence rule is that employees whose pay comes from city tax revenues should reside within the corporate limits of the city.

Rock Lions Plan Parade Highlight For Labor Day

The 26th annual Rock Lions Labor Day Festival will get under way at 10 a.m. on Monday, Sept. 2, with what sponsors say shapes up as one of the most outstanding parades in the history of the community.

Seven bands and marching units will participate. Included among the bands and marching units is the Precisionettes Drill Corps from Manistique, a group of 40 girls under the able leadership of drill master Lionel L. Voil. They will head the parade with their precision drills.

Bands that are scheduled to appear and which have been extended invitations are the Majestics Drum & Bugle Corps of Marquette, one of the outstanding corps of the Peninsula; the Gladstone High School Band under the direction of Paul Cowen, the Perkins Rock High School Band under the direction of John Violette, the Gwinn Community Band under Bandmaster Charles Frosetto, and the Escanaba City Band. An invitation has been extended to the Negaunee City Band

and Job's Daughters Drill Team of Marquette.

The parade will include queens of area communities.

Prizes will be awarded for the best commercial float, civic and comic; best club or organization float; best 4-H Club float; best marching unit, women, men; best drill unit men, women; best decorated horse, best horsemen, best horsewoman; best decorated bicycle, boys and girls; best clown, boy and girl; unique cars and antique cars.

Games and rides of all sorts will be offered on the fairway throughout the day—climaxed by a water fight between the firemen of Rock and Trenary.

Grand finale will be fireworks at 8:15 p.m.

Mrs. Gribble, 90, Dies At Noa Home, Rites Wednesday

Mrs. Ellen Agnes Gribble, 90, former Hermansville Gladstone resident died at 11:20 Monday at the Bishop Noa home where she had resided for the past four years.

Mrs. Gribble was born Dec. 8, 1877, Calumet and moved to Hermansville in 1923 before coming to Gladstone in 1952. She was a member of the Phoebe Rebekah Lodge.

Her husband, Chris, died in 1955.

Survivors include two daughters, Mrs. Howard (Marion) White of Minneapolis and Mrs. Oscar (Marjorie) Ohman of Gladstone; one son, James E. Gribble of Hermansville, six grandchildren and 10 great grandchildren.

Friends may call at Anderson-Johns Funeral Home from 4 to 9 p.m. today. Complete private funeral services will be held at 3 p.m. Wednesday at the funeral home with Rev. Reuben Carlson officiating. Burial will be Gardens of Rest Cemetery.

Search Continues For Missing Diver

MENOMINEE—Divers Monday continued searching for the body of a Menominee skin diver who drowned Saturday in Lake Michigan while diving with three brothers.

The sheriff's office said Lester J. Smith, 27, surfaced, ripped off his mask and began struggling in the water. His brothers attempted to help him but were unable to subdue him and Smith disappeared under the surface, officers reported.

Settlement Reached At Powers - Spalding

POWERS — The Powers-Spalding public schools will open Thursday after teachers of the district and the Board of Education reached agreement on a new master contract Monday.

St. Francis Xavier Catholic school also will open Thursday. The Board of Education ratified the agreement Monday night after teachers had earlier accepted terms.

Contract calls for a minimum starting salary of \$6,000 for teachers with a bachelor's degree, a \$600 increase over the \$5,400 base of 1967-68. Top scale is \$8,200 compared to last year's top of \$7,400.

Teachers with master's degrees will start at \$6,400 with a top of \$8,600 after 10 years. The 1967-68 contract called for a starting salary of \$5,700 with a top of \$7,700.

Cost \$24,000
Supt. of Schools Jerome Albright said the contract—which also increases the insurance benefit from \$10 to \$15 and allows sick leave to accumulate to 90 days instead of 80—will cost the district about \$24,000 over the school year.

Negotiations began last February and resulted in an impasse in July.

"In the interest of professionalism, the teachers have decided that rather than allow the situation to degenerate to a battle of personalities that they would return to work under the contract offer," the Powers-Spalding Professional Organization said in a statement Monday.

"The professional organization urges full cooperation of all parties involved for smooth operation of the school district," the statement continued. "Often the nature of negotiation is misunderstood and instead of being a means toward better working relations it is a platform for name calling and personal conflict."

Albright said that teachers will report to school at 8 a.m. Thursday with students reporting for a half-day session at 1 p.m.

Hot Lunch Friday
Regular classroom hours begin Friday with doors opening at 8:30 a.m. Elementary dismissal will be a 3:20 p.m. with high school dismissal at 3:30 p.m.

Hot lunch will be available, beginning Friday. Lunch tickets will retain the same prices as

last year except for adults, which will go to \$8.32 for 20 days. Elementary milk will be 50 cents for 20 days, a 10-cent increase.

Albright said the bus schedule will remain the same as last year. First day pickup will begin about noon.

The three-day delay in opening school is expected to be made up at the end of the school calendar. Dismissal will be June 4 instead of May 29, Albright indicated.

City Band To Play Concert On Wednesday

The last concert of the 1968 season will be presented by the Escanaba City Band in Ludington Park at the Karas Memorial Bandshell Wednesday evening.

Theme of the program will be folk music from many lands including England, Scotland, Sweden, Jamaica and Israel; plus marches by Alex Lithgow and other composers.

Harnischfeger Earnings Pared By 3 Month Strike

MILWAUKEE — The impact of a 12 week strike at the Harnischfeger Corp.'s Escanaba plants was reflected in the firm's third quarter shipments and earnings which were announced today.

For the three months which ended July 31 net shipments were \$31,658,781, which is 6.2 per cent below the \$33,746,259 reported for the same period a year ago, and 14 per cent lower than the \$36,822,834 shipped in

the second quarter of this year. Net income for the third quarter was \$252,324 or 20c per share, compared with \$916,791, or 73c per share, earned in the third quarter of fiscal 1967.

For the nine months, shipments of \$102,327,437 were 5.1 per cent below the \$107,862,150 shipped in the same period last year. Net income of \$2,552,358, or \$2.02 per share, was down 20.9 per cent from the \$3,225,048, or \$2.55 per share, reported for the first three quarters of 1967.

According to Board Chairman Walter Harnischfeger, the nine months earnings of \$2.02 per share have been reduced 16c per share to reflect the income tax surcharge enacted June 28. Previously reported 1968 income has been restated accordingly.

Commenting on the outlook for the remainder of the year, Harnischfeger said: "We appear to be approaching a slowdown in capital goods buying, which may cause further weakening in the effective prices for some product lines."

Harnischfeger said that the company's backlog remained at approximately \$65 million in spite of a temporary curtailment in incoming orders due to the Escanaba strike, which was resolved last month. The firm's overall activity should continue at representative levels, he stated.

At a regular monthly meeting this afternoon, the board of directors voted a quarterly dividend of 50c per common share payable Oct. 1, to stockholders of record Sept. 16, 1968.

Pollution Kills Coho Planting At Menominee

MENOMINEE — Pollution, dams and warm water have made the Menominee River unfit for the planting of coho salmon, the county board of supervisors has been advised by the Michigan Conservation Department.

Ludwig Frankenberger, Crystal Falls, fish biologist for the conservation department, informed the board in a letter that the river is a warm water stream with a large number of industrial and hydroelectric dams on it. He said that the river is polluted by both industrial and municipal wastes.

"Because of these factors, it is not suitable for the introduction of coho," said Frankenberger.

He told the county officials that the Little Cedar River in the northern part of the county does have some potential for the introduction of coho and has been recommended as a potential coho river.

The county board petitioned the conservation department for the introduction of coho salmon in the Menominee area.

Lock Ceremony Delayed To '69

SAULT STE. MARIE—Dedication of the new \$40,000,000 Poe Lock in the Sault Locks complex will be delayed until early summer of next year, even though the lock may be opened and carry some traffic in the meantime, according to a spokesman for the U.S. Corps of Engineers.

"Due to various labor stoppages and state-wide construction strikes, opening of the Poe Lock, scheduled for this summer, has been delayed and will now open sometime late in the shipping season," said Michael J. Perrini, chief of the technical liaison office of the Detroit District Corps of Engineers, which operates the locks.

"Because of the uncertainty of weather conditions at that time, it has been decided to hold the dedication early in the summer of 1969. A definite date will be determined during the winter."

The new Lock, largest in the Great Lakes-St. Lawrence Seaway system, was originally scheduled to be opened and dedicated last July 13, but a statewide strike of construction workers caused this date to be postponed indefinitely. Work on the lock was resumed between June 24 and July 10 as various unions returned to the job.

C. A. Aune, Sault area engineer in charge of locks construction and operation, said virtually all machinery now has been installed and work crews are in the process of checking and adjusting operations.

Two Boys Feared Drowned When Raft Goes Adrift

WASHINGTON ISLAND — The search for two Washington Island boys presumably drowned when their raft was carried out into Lake Michigan by high winds was suspended today by the U.S. Coast Guard.

They are Raymond Newton, 15, and Mark Caple, 16, who have been missing since Saturday morning.

Coastguardsmen and deputies of the Door County sheriff's department continued the search through the weekend and on Monday despite high winds and rough seas.

Officers said the two boys apparently had made a homemade raft and were planning to float to Hog Island off the east coast of Washington Island, when they were caught by the strong off-shore wind and carried past the island and out into Lake Michigan.

Their bodies have not been recovered.

Tale Of Two Cities

When the Republicans held their national convention at Miami Beach recently there was widespread comment that the setting for such a national policy making conclave was pretty far out from reality.

There isn't much reality in Miami Beach, the rich play there and the process gives a phony character to living. But there were some disorders over in Miami during the proceedings to remind the delegates that while they might be in the Sun and Fun Capital of the World they were still pretty near our national problems.

In Chicago the situation is turned about. The International Amphitheater where the Democrats are meeting is as much like a fort as a convention hall, with extraordinary security measures to prevent assassination attempts or other violence. The manhole covers in the streets have been secured, there are riot-trained troops nearby, and the flower people and more desperate characters are on notice that Mayor Dick Daley won't stand for any rough stuff.

Daley is one of the strangest things at the unhappy convention. He is the last of the great political bosses and he's both an anachronism and a master manipulator. The best judgment seems to be that he has been too successful in his subjugation of the Negroes who compose 30 per cent of the population of the metropolis, and that eventually the lid that he has kept on an explosive situation will blow up in Chicago.

Daley was a poor Irish boy, born in a time when the Irish were regarded as not lace curtain people in Protestant America. He still lives in the same neighborhood in which he was born and in the same house in which he has lived all his married life. He attends early Mass daily and his friends are the same small group of men that he has always known. He's an associate of the great now, of course, as the ruler of Chicago, but that's association and not friendship.

He's the master of the Democratic party machinery that gave him his power and it operates on loyalty, step by step work toward the top, and it keeps a great army of hacks in public office, but Daley is no hack, he is a very hard working politician.

He has managed to develop an ambidextrousness that defies sense but which still works in Chicago, convincing enough of the citizens that he is honest while convincing the politicians that he'll tolerate clean graft (insurance, real estate, etc.) if it doesn't embarrass him.

His greatest achievement and also his Achilles heel has been keeping the Negroes under control. As blacks left the cottonlands of the South they flocked to Chicago more than to any other city. The late Dr. Martin Luther King tried to crack the Daley machine's treatment of Negroes but failed.

Daley allows Negroes so many jobs and offices and reckons that he has served both his conscience and his civic duty, but these Negroes are looked upon as Daley's Negroes, not the Negro community's and black power remains small and without the opportunity to create, only the opportunity to destroy. His religion has been described as pre-ecumenical, concerned with individual sin and not social sin.

He is a symbol of big city Democratic machine power as it tries to cope with a very serious national race problem. Daley may influence the nomination of a Democrat for President, but he cannot solve the nation's racism with his Chicago strategy.

The great voice of conservatism in Chicago and in the Midwest is the Chicago Tribune, so long a bugle for the thoughts of the late Col. Bertie McCormick. It seems to have lost little of its garb. As the Democrats assembled it saluted them with an editorial on "Hubert Humphrey's Record." The Trib couldn't be expected to say anything good about Hubert and it didn't.

It started off identifying him as Pinkie Humphrey and explained that the tag was hung on him when he was "an itinerant peddler of hog vaccine" because of his complexion and not because of his political coloration, "which is radical, and left-wing, if not precisely Red."

"The thought that this man might be ensconced behind the big desk in the Oval Room is one which, frankly, we find frightening. Humphrey's journey from the pharmacy in the '30s to his present eminence is proof in itself that anyone can make it big on the strength of a flapping jaw and a grab bag mind."

"Humphrey has had many patrons, but he owes his elevation to the second highest office in the land to Lyndon B. Johnson. His loyalty to the boss on the Vietnam war has caused him trouble and alienated old friends of Americans for Democratic Action, an apparatus of the radical left, dedicated to more and bigger government and constant enlargement of the 'public sector' at the expense of the self-sufficient taxpayer."

"Equally harsh has been the behavior of two of his proteges, Sen. Eugene McCarthy of his home state of Minnesota and Sen. George McGovern of South Dakota, the state in which Humphrey was born. These were his 'star pupils.' Now they are his chief opponents for the nomination . . .

"Humphrey now professes a dedication to law and order but at New Orleans in 1966 he said that if he were living in an urban slum 'I've got enough spark in me to lead a mighty good revolt' . . . He was honorary chairman of the administration's 'War on Poverty' which has squandered billions. He thinks the public debt is unimportant . . . He is always at the beck and call of the union bosses," etc.

Between Daley, as viewed by the National Association for Advancement of Colored People and Vice President Humphrey, as viewed by the Chicago Tribune, what hope is there for America? They illustrate the great polar differences in our country that must somehow be reconciled if it is to have effective government. The Trib helps the process; it supports Daley!

People Don't Understand Educational Change

Schools Can't Win All Public Battles

School districts should be prepared to report the facts — unfavorable as well as favorable — if they are interested in an effective public relations program.

This advice was offered by two of the major speakers at the annual seminar of the National School Public Relations Association in San Francisco.

Bernard E. Donovan, superintendent of the New York City public schools, told the 250 school public relations specialists attending the seminar that their job is "to portray the truth as it exists and not to gloss over the weaknesses of a school system."

The goal of the public relations specialist, he said, is entirely different from what it used to be. "He is no longer an apologist for the superintendent or for the school system but rather an interpreter of the actions that take place every day on the local school and community level. His business," Donovan said, "is to explain, not to excuse; to clarify, not to obfuscate."

Francis Keppel, chairman of the General Learning Corp., and U. S. commissioner of education in the Kennedy Administration, stressed the need for reporting the results of schooling, no matter how depressing they might be. "Facts in time bring public support," he declared.

"The publication of reading and other scores, school by school and grade by grade by the New York City Board of Education had a far more profound impact, it seems to me, than is generally recognized," Keppel said. "The parents had some hard facts to use in their demands for reform. What they had learned by observation and sensed by instinct was now spread on the record for all to see. Data of this sort," he continued, "is not just an input to policy formulation; it is a motivating force to parents and citizen as well. As such it is an essential ingredient to the relations between the educational bureaucracy and the community."

Keppel admitted that a case can be made against the collection and dissemination of such data on the ground that the public will not understand the complexity of educational data or what children have learned and that educators will be unfairly blamed for so-called "bad" results. "Undeniably, this is a danger," he said. "But the lack of such data has proven, it seems to me, to be a greater risk. The sense that the schools have failed the children of minority groups is widespread, and facts are a lot better than rumors."

Howard C. Seymour, superintendent of the Phoenix, Ariz., school district, warned that school personnel "must be available to interpret, not to defend." The school public relations specialist, he added, must have an absolute respect for the truth. "He must be candid in his appraisals, accurate in his observations, and frank with regrets. If he falls into the trap of defensiveness," Seymour said, "he must understand that he significantly reduces a positive image of education which he is expected to convey. He must be willing to take his 'lumps' when

a failure or a breakdown has occurred."

The school staff should trust the reporter, Seymour advised. In addition, "school personnel must recognize that they cannot 'win them all'; they cannot expect that their words and their deeds will be presented to the public just as they would wish it. This is difficult for school administrators and teachers to accept. But if school personnel are smart," Seymour said, "they will criticize only the most extreme of misquotations, misinterpretations, or misinformation. To refute every alleged error is to dilute the importance of criticizing the most glaring."

Seymour said mutual trust is developed "by close and frequent contact of school men and representatives of the news media. I make a special effort to know the reporters, cameramen, and news teams. We schedule a weekly news conference at an established hour . . . In so doing I get to know them, to learn what they look for, how they react — yes, and what to feed them."

The school public relations specialist, Seymour said, must be the confident and alter-ego of the chief school executive. Instead of trying "to over-sell his boss, he will translate his ideas to a hopefully receptive public. He must attend staff conferences, major policy making groups, meetings of the board of education; he must be close to decision making, and be carefully alert to the implications of

these decisions upon the general public.

"There must be no holds barred between the chief executive officer and his communication officer," Seymour said. "This person must be given unlimited freedom to be critical, not alone of programs, but of the manner in which the chief executive officer either has planned or has acted."

Forbes Bottomly, superintendent of the Seattle public schools, said the "educational establishment, instead of fighting the battles in the same old way, must shake itself up and take new medicine through the vitality of student activism and the involvement of creative professionals who have not in the past been part of the establishment."

Bottomly claimed that black power influence already has caused major curriculum reforms. "A political militancy which brings a coalition of youth and determined elements of the establishment to the problems of reforming archaic local and state taxing systems holds promise of bringing changes which special interest groups have blocked for years," he predicted. "Instead of rioting, sit-ins, or lock-ins, imagine the positive influence of 20,000 students, parents and teachers marching on the state legislature for lawful and equitable reasons. Such political action will be required to tear down artificial legal barriers which separate city from suburban districts," Bottomly predicted.

The Bridge World magazine has taken up Lewis Carroll lately. Today's hand is from an article by Ernest Theimer in which a bridge expert finds himself playing against the Red Queen in Carroll's Looking Glass World where everything is backwards.

Humpty Dumpty had just been talking about real backward plays, as distinguished from reverse plays, when our hero found himself playing a five-club contract.

He won the heart lead and studied the hand. It seemed too bad that West had opened a heart. Against a spade opening there would have been time to knock out the ace of clubs, get over to dummy with a second trump, lead a diamond and knock out West's ace by playing the jack or 10.

After that, he would be able to discard one of dummy's hearts on the king of diamonds.

The heart lead had destroyed the timing but a sort of backward play against the Red Queen, who not only sat East but held the missing red queen, won the rubber.

South just led the 10 of diamonds. East was in with the queen and played a second heart. Now declarer led his king of diamonds and discarded dummy's last heart when Humpty-Dumpty did not cover. The play of not covering was his only chance because, if he had covered, South would ruff in dummy, return to his hand with the ace of spades and discard his losing heart on the jack of diamonds.

WAGES

Within the recent past, and during the Republican nomination for President, our governor Mr. Romney repeatedly speaks out against the democratic process of free collective bargaining as being outdated, and that this process should be changed.

We as working men know full well what the governor has in mind in that he will ask for strict regulations on our ability to strike as a last resort in securing a wage increase is outdated when we compare it with the political way of securing a wage increase.

I say to you, Mr. Romney, that no man wants a strike, and you're absolutely right in saying that the working man's method of securing a wage increase.

You gentlemen do not have to sit across a bargaining table from your employers (we the people). You simply vote yourselves a raise and get it, so when you say our method is outdated you're right. It's like comparing a Model T Ford with your jet airplane.

You also say that it's a sad day when a plumber helper and a fireman make more money than a school teacher, and the hourly wage you mention was \$4.35 per hour. As I recall last year your raise and the appellate judges raises alone amounted to \$5 per hour plus your regular wages, so if we're going to jump on the little man's wages, let's be fair and judge all wages. We realize it costs you as governor more money to operate each year, but by the same token we want you to realize it also cost us more money to operate each year, too.

Ann Landers

Sister-In-Law Needs Bit Of Gun Control

Dear Ann Landers: Since guns are a popular topic of conversation these days this letter won't sound quite so foolish as it might have six months ago.

My sister-in-law Agatha has always been a kook but I was able to overlook her crazy ways until three weeks ago. Agatha came over with her boyfriend, Randy, and in the middle of a sociable conversation she pulled a pistol out of her purse and aimed it at me. At first I thought it was a toy. I told her to stop kidding around. She said, "This is no toy, it's the real thing."

—and sure enough it was. Randy told her to cut the clowning and he pressed her hand to the floor to make her drop the pistol. It went off and now I have a big hole in my rug. I nearly fainted in the bargain.

I don't want that nut coming over here anymore with loaded pistols but I'm afraid to say anything. She says she got a permit to carry a gun when someone tried to grab her purse two years ago and now she carries it with her at all times. What can I do? — S.O.S.

Dear S.O.S.: Tell nutty Agatha if she wants to visit your home she'll have to check the pistol at the door. In the meantime ask the police to find out if she has a gun permit. If she hasn't you will have done your duty and taken one potentially dangerous gun out of circulation. Then there'll be only 4,999,999 to go.

If you want to do something about the thousands of other dingbats who are running loose with guns write two letters to-day — one to each of your U. S. Senators. Address the letter to Senator Philip Hart or Senator Robert Griffin, Senate Office Bldg., Washington, D. C. 20510. And please, friends, I don't need any more letters telling me guns don't kill people — people kill people. Atomic bombs don't kill people either. It's the people who drop them that I worry about.

Dear Ann Landers: I can't get that letter out of my mind — the one from the overweight 16-year-old girl who was embarrassed by her mother when they went shopping together. It seems her mother kept making hurtful remarks about her size. May I present another side of the same story?

When I married two years ago I acquired a 13-year-old step-

daughter who weighed 180 pounds. Lord knows I tried everything under the sun to get her on a diet, but no luck. If shopping was painful to her, let me assure you it was agony for me. A size 10 stepmother who tries to outfit a baby elephant can have a very rough time. When she became angry because the saleswoman kept bringing in matronly styles instead of cute girlish things, I could scarcely tell her they don't make teenage styles in size 44. Finally I had to say, "Honey, I'll love you no matter how large you are, but please shop by yourself."

Get the picture, Ann? I hope so. I am tired of being called a witch. — CONNECTICUT

Dear Conn: Yes, I get the picture and it's not very pretty. Have you presented the picture to someone who can help this unfortunate girl with her problem? I hope so.

"The Bride's Guide," Ann Landers' booklet, answers some of the most frequently asked questions about weddings. To receive your copy of this comprehensive guide, write to Ann Landers, in care of this newspaper, enclosing a long, self-addressed, stamped envelope and 35c in coin.

Troy Coaches Refuse To Report

TROY (AP) — Six football coaches and driver education teachers refused to report for work at Troy Monday in the first teachers work stoppage of the 1968 school year.

At issue in the walkout, officials said, were pay rates for teachers performing extra duties such as football coaching, driver education, special education, heading departments and sponsoring the safety patrol and senior class.

Officers of the Troy Education Association said a contract was ratified last June with the school district in the Detroit suburb. But they said it provided for teachers to perform no extra duties until pay rates were negotiated for the non-classroom work.

The walkout will not delay the beginning of school or hamper regular classroom instruction, said Dr. Rex B. Smith, Troy schools superintendent. The district has 240 teachers.

Adult High School Course Registration Is Now Open

Registrations for adult High School classes are being taken by the director, Robert Richards, at his office in the high school. All classes are tuition free for persons working toward a high school diploma, and registrations must be in by Sept. 16.

Evening classes are scheduled Mondays through Thursdays from 7 to 10 p.m. and will begin on Sept. 16. On Mondays classes in English, industrial arts and American literature are scheduled. Tuesday: book-keeping, general mathematics, American history. Wednesday: office machines, public speaking, and American government. Thursday: typing, general science and home economics.

Classes will meet for 15 weeks and will carry high school credits. Graduates wishing to take these classes will be charged a fee from \$6 to \$12 per class.

Those wishing to register at the directors office may do so between the hours of 8 a.m. and 4 p.m. except on Sept. 10 and 11 when it will be from 6 to 9 p.m. Registrations will also be taken by calling GA5-3321 or writing to the Gladstone Community Schools, Gladstone, 49837.

Preparations for the Fall enrichment program will be made as soon as sufficient interest is shown in any additional classes. Anyone having special skills or hobbies who would be willing to teach an adult enrichment class may call Richards at GA5-3321.

Briefly Told

Men bowlers will meet at the Midway Lanes at 8 p.m. Thursday.

Gladstone City police issued traffic summons to Timothy P. Rouse, Rte. 1 Gladstone, failure to yield the right of way, and to Lynn Earl Watson, Sault Ste. Maris, for excessive noise.

Women bowlers in the Evening League will meet at the Midway Lanes at 8 p.m. Sept. 3. An opening for one team in the league exists and anyone interested should attend this meeting. Information may be obtained by calling Mrs. John Yirsa, GA8-9447.

Platform Says No Bomb Halt

By The Associated Press

Following is the proposed Democratic platform at-a-glance.

Vietnam—No bombing halt without a response from Hanoi and assurances that the safety of U.S. troops will not be endangered.

Justice and Law—A "vigorous and sustained campaign against lawlessness," combined with an attack on the root causes of crime and disorder, and passage and enforcement of effective gun control legislation.

Civil rights — A pledge "to wipe out once and for all the stain of racial and other discrimination from our national life."

Urban—Mobilize the resources and leadership of private enterprise to eliminate slums and rehabilitate the victims of poverty.

Housing—Assist private enter-

Annual TOPS Convention Planned

Local Plans
Members from each TOPS Club in Escanaba are making plans to attend the U.P. Convention scheduled for September in Marquette. The convention will climax a year of losing weight for the members. The Escanaba delegation hopes to walk off with the top prizes in weight reduction.

Members of the Harveyette TOPS (Take Off Pounds Sensibly) Club will be hostesses to

the annual Upper Peninsula TOPS convention Sept. 28 at Northern Michigan University.

The convention honors members of TOPS and KOPS (keeping off pounds sensibly) for their weight-losing efforts during the year.

Theme for the meet, scheduled from 9:30 a.m. to 4 p.m. is "Flowerland Fantasy." An hour-long registration session in the Lakes Rooms in the University Center precedes a group meeting of officers and weight recorders, a welcoming address, community singing and entertainment.

Following a noon dinner the afternoon sessions, which are scheduled for the Little Theater, will open with a 1 p.m. talent show.

The remainder of the afternoon features a parade of banners and several award sessions.

Banners made by each club will be judged by a panel and a winner selected, followed by a parade of chapter queens (members with the greatest weight loss), accompanied by presidents of their clubs. They will be joined by KOPS-in-waiting, members who have

reached their weight goal and odds of maintaining that level. The convention honors members of TOPS and KOPS (keeping off pounds sensibly) for their weight-losing efforts during the year.

Also featured will be a graduation exercise for KOPS-in-waiting to actual KOPS membership. The present KOPS members will also be honored and a special award presented to the KOPS who posts the greatest loss.

Members of the Stork Club, women who are pregnant and have maintained weight goals set by their doctors, will be feted in another presentation.

Other honors to be bestowed include winners in weight division; club with the greatest weight loss per member; stork club queen; KOPS queen; TOPS queen, and selection of a teen queen from among the members of U.P. teen clubs.

Living Cost Up In Record Rise

WASHINGTON (AP) — Living costs rose one half of one per cent in July, matching the June jump and recording the sharpest two-month increase in 11 years, the Labor Department reported today.

A steep climb in home mortgage interest rates and medical care charges accounted for much of the rise. Food prices also rose, but less than usual for July.

The July consumer price index at 121.5 was 4.3 per cent higher than a year ago. The index means that it now costs \$12.15 to buy the package of typical family needs which cost \$10 in the base period, 1957 to 1959.

Department officials said indications are, however, that living costs could taper off in August and that the rise will slow down over the remaining months of this year.

War Plank Vote Tonight Gauges Delegate Vote

(Continued From Page One)

a presidential nomination for Sen. Edward M. Kennedy of Massachusetts was quickly defeated. Kennedy called former Gov. Michael V. DiSalle of Ohio to instruct him not to place the senator's name in nomination. DiSalle immediately hedged on his announced intention of doing so but said someone else might.

Frank Mankiewicz, former press secretary to the late Sen. Robert F. Kennedy now working for McGovern, said the whole operation of trying to draft the surviving Kennedy brother had been "wishful thinking."

"A lot of delegates have been casting about for somebody else because they don't think Humphrey can win," he said. He said he thinks that if McGovern doesn't make the grade the South Dakota senator will free any delegates pledged to him without endorsing any candidate. Previously, McGovern had said he would withdraw in favor of Kennedy if the latter wanted to run.

Unruh Delays

Jesse R. Unruh, chairman of the 174-vote California delegation, who had been reported flitting with the draft Kennedy movement, said there could be a decision by that group later in the day where it will go.

McCarthy refused to accept Kennedy's disclaimer as final. "I think he is still a potential candidate in this convention," McCarthy said Monday night.

The facade of Southern resistance to Humphrey's nomination, built around objections to the immediate abolition of the unit rule by which a majority can control the entire vote of any state delegation, was crumbling.

By a voice vote, delegates threw out the century-old unit rule. The result affected nine Southern delegations which had protested that the Northerners were running over them.

HHH Seeks Vote

Sen. George Smathers of Florida led what could become a parade of Southern favorite sons bowing out in favor of Humphrey. He predicted the vice president would get 57 of the states' 63 votes.

The vice president's forces had counted on a domino reaction earlier among these local leaders but it had been slow to materialize.

Despite his obviously long lead for the nomination, Humphrey told members of the Ohio delegation that whether he wins on the first ballot may be in their hands.

Two state delegates who didn't want to be quoted by name said they think Humphrey may get up to 90 votes from Ohio on the critical roll call.

Humphrey Leads

The latest Associated Press canvass of publicly committed delegates gave Humphrey 937 1/2, McCarthy 482 1/4, McGovern 43 1/2, uncommitted 780 1/2, favorite sons 362 1/2, others 15 1/4.

In a seven-hour session lasting until 3:40 a.m. EDT, the convention took a historic step by seating a racially mixed "loyalist" delegation to supplant the regular group chosen by the Mississippi state party.

But the convention turned down by a 1,041 1/2 to 1,413 vote — amid cries of "No, no, no" — an effort to seat a delegation of insurgents from Georgia.

The rebels, led by state Rep. Julian Bond, wanted to overturn a compromise that would have seated his group along with the regular party delegates and split the state's 43 votes between them.

Daley Vs. Violence

The law and order theme emphasized by the Republicans in their nominating convention under Nixon's leadership was echoed in some of the speeches to the delegates at Monday night's opening session.

The committee-approved platform, to be voted on tonight, said: "We must and will not tolerate violence."

Chicago Mayor Richard J. Daley, instigator of the tightest security regulations ever placed on any political convention, was called a sign of faith that the party was meeting in disturbance-threatened, strike-ridden Chicago, where armed guards outnumber delegates about five to one.

Daley said that the whole opposition campaign was built on law enforcement, which he himself has vowed to be maintained in Chicago. He said that Democrats know that "we must carry out a host of positive programs if we are to eliminate the underlying causes of crime and disorder."

Inouye Keynote

Sen. Daniel K. Inouye of Hawaii, the keynote, said the nation was torn by dissension and disrespect. He said Americans must reject violence and anarchy and work instead to continue and expand the Johnson administration foreign and domestic programs.

"Poverty, discrimination and deprivation, as evil as they are, do not justify anarchy or violence, looting or burning, murder or assassination," he said. "Law and order must be respected and maintained to protect the rights of all citizens."

The law was out in force all over Chicago and such anti-war demonstrations as protestors were able to mount were marked by their relative mildness.

Labor Day Parade Off

The Delta County Trades and Labor Council announced today that the annual Labor Day parade in Escanaba has been canceled.

Neil Kositsky, chairman of the Labor Day program, said the Council's picnic at Pioneer Trail Park will begin as scheduled at 1 p.m. with games and prizes planned.

He cited difficulty in obtaining marching units as a major reason for cancellation of the parade.

Rapid River Woman Dies

Mrs. Albert Miller 65, a life-long resident of Rapid River, died Monday at 4:25 p.m. shortly after admittance to St. Francis Hospital.

The former Izetta Hickey was born Aug. 3, 1903 in Rapid River and married Mr. Miller in 1942. She was a member of St. Charles Borromeo Church and the Altar Society.

Besides her husband, she is survived by one daughter, Mrs. Gerald (Dawn) Breault, Monomiedthe, Minn., and two grandchildren.

Funeral arrangements will be completed later today, the Boyce Funeral Home is in charge.

Stood In Boat; Search For Body

CHEBOYGAN (AP) — Police continued a search of Burt Lake in Cheboygan County for the body of Arthur H. Noback, 59, of Lansing, believed drowned Saturday while fishing with his son, Robert, 36, of Gaylord.

State Police at Cheboygan said Arthur apparently stood up in the 12-foot boat, upsetting it and tossing him into the water. Robert attempted to rescue his father but was unable to save him and swam to shore for help.

Teacher Dispute Arbitration Seen

DETROIT (AP) — Lt. Gov. William G. Milliken forecasts that legislation requiring compulsory arbitration as a final means of settling disputes between school teachers and boards of education will be enacted within the next two years.

Milliken made his prediction in a weekend television interview with Lou Gordon of WKBD-TV and said currently there are 156 school districts in which teachers and boards of education have not yet reached agreement on 1968-69 contracts.

Half Of Chicago Buses Are Halted

CHICAGO (AP) — Dissident bus drivers disputing with their union today ignored a back-to-work court order slicing bus transportation in half in the Democratic National Convention city.

Briefly Told

Alex T. Cathcart, 65, of 326 N. 16th St., entered a plea of guilty in Municipal Court Monday to a charge of driving while under the influence of intoxicants and was ordered to pay a fine of \$50 and costs of \$5. His operator's license was suspended in compliance with state law. Escanaba police arrested him at 1:41 a.m. in the 100 block S. 13th St. on Aug. 11 after observing his erratic driving.

Traffic court notices have been issued by Escanaba police to Lawrence Anderson, Escanaba Rte. 1, disobeying a traffic signal; John S. Levanen, Calumet, failing to exercise due care; Albert E. Taylor, 116 S. 22nd St., improper turn; Sharon LaButte, 718 S. 16th St., Carolyn M. Willig, 1215 Ludington St., and Dale B. Robitaille, 1115 4th Ave. S., all for speeding.

The theft of an Indian ceremonial headdress from a parked car in the 300 block, N. 15th St., was reported to city police by Mrs. Eli Petonquot, Rapid River, on Monday. The headdress was described as "quite valuable."

Firemen Balk, Pay Is Hiked

SAGINAW (AP)—A tentative wage agreement was hammered out Monday in a 10 1/2-hour bargaining session between officials of the City of Saginaw and the Saginaw Firefighters Association.

The firefighters and city had agreed to a mediation session after a partial shutdown involving menial tasks at the fire stations in Saginaw, such tasks as window washing and grass cutting. The firemen made the token slowdown to dramatize their demands for higher wages.

The prospective contract, which must be approved by union members and the city council, calls for a 6.5 per cent pay increase effective Sept. 1 along with an across-the-board hike of \$169 at the same time. Another \$20 would be added Jan. 1, 1969.

Other portions of the agreement called for a one-time cost of living payment of \$100, extension of sick leave accumulation from 75 to 85 days, another paid holiday, two sets of work uniforms to be paid for by the city, fringe benefits and a new longevity formula based on a \$9,000 annual wage.

Eskymo Football Helmets Missing From Fieldhouse

Three Escanaba High School football helmets, needed for the Eskymo game on Saturday with Catholic Central of Marinette, are missing from the fieldhouse at the athletic field, it was reported today to Escanaba police.

The fieldhouse was entered sometime during the weekend by breaking a window. Harold Johnson, athletic director, appealed for the return before Saturday of the helmets, which are orange with a black stripe.

The regulation helmets have the brand name Riddell and are valued at \$25 each.

Czechs Told That Liberalism Stays, Troops To Leave

place." Soviet helicopters dropped leaflets on the capital. "The Russians are your friends," they said.

Large numbers of occupation troops were reported moving westward before dawn, "probably to guard the West German border," said persons in Tabor, southern Bohemia.

Foreigners were banned from entering Czechoslovakia at the border points of Shirding and Waidhaus, in West Germany, and Wulowitz, in Austria, police reported.

Travelers were being allowed to leave, however, and police said the crossing point at Furth in Wald, West Germany, was operating without restriction.

Czechs Resist

Even with an occupation force in Czechoslovakia that by latest estimate had grown to 350,000 troops, the Kremlin apparently had difficulties in the Moscow talks because no Czechoslovak leader of stature was willing to side with it.

Demonstrations of popular support for Dubcek continued in the presence of occupation troops.

Some reports said the Soviet leaders asked in the negotiations for a guarantee of immunity for those few Czechoslovaks who showed willingness to accept the occupation.

On the Czechoslovak side, release of all imprisoned liberals was seen in Prague as a prerequisite to final agreement. The free radio said the central committee of the Czechoslovak Communist party would meet today to demand an end to arrests by the occupation forces.

But Russian recognition of the new central committee apparently still was an issue. The committee was purged of Stalinist elements last Friday and Saturday at a special party congress held secretly to avoid interference from the occupation forces. The continued presence of Soviet troops at the central committee building may be a sign that the Russians still have not accepted that election.

Market Gains Exceed Losses

NEW YORK (AP) — Gains outnumbered losses in fairly active trading early today on the New York Stock Exchange.

The margin of winners over losers was about 150. The Dow Jones Industrial Average was off slightly.

Most autos and rubbers were down, and steels barely clung to the upside. A variety of issues throughout the list showed individual strength.

Monday the Associated Press Average of 60 stocks rose 4 to 332.9.

Prices were generally higher on the American Stock Exchange.

State Fair Picks Queen

DETROIT (AP) — The quest for "Miss Michigan State Fair, 1968" was to begin tonight with the parade of 47 beauty contestants in the Community Arts Auditorium at the State Fairgrounds.

The field was to be reduced to 10 finalists from which the queen of the fair will be selected Wednesday night at 8 o'clock.

Reported paid attendance Monday at the fair was 73,953. Total attendance for the first four days was reported as 278,231. Fair officials said the figures were comparable to those of a year ago.

Kiwanis Given Paint Picture

The deep rooted affect of the paint industry on daily living was demonstrated to the Escanaba Kiwanis Club Monday by Jerry Menard, manager of Sherwin-Williams Co. of Escanaba.

Menard illustrated his presentation with humorous and appropriate props, which he presented to Kiwanians who apparently needed the articles.

Starting with an alarm clock, Menard pointed out that the finish on the face as well as the luminous hands all are products of the paint industry. The clock was presented to Don Wertz, who was late in arriving for the meeting.

Menard then traced a typical businessman's day, from the brushing of teeth to arrival at the office, including all areas where paint or paint products have an influence.

Even money is partially a product of the paint industry, Menard continued, as the inks which are used were originally derived from a paint product.

Other props distributed included Sherwin-Williams paint to Menard's competitors, a large comb to thin-haired Vernon Ihlenfeldt and a can of shaving cream to the mustached Don Crawford.

Kiwanians were reminded of the ladies' night planning at the Mead Rod & Gun Club Wednesday night. A bratwurst and corn feed is planned. Jack Beck is chairman with Lowell Sundstrom, Jim Jacobs and Ed McCarthy on committee.

Naval Visit Disorders Feared Turk Anti-Yank Feelings Grow

ANKARA, Turkey (AP) — The Turkish government, fearing further anti-American violence against U.S. sailors, sent extra riot police to Izmir today for the arrival of more visiting U.S. Navy ships.

Led by the cruiser Little Rock, a task force from the U.S. 6th Fleet was to spend 13 days in the Aegean seaport.

Leftist students were reported preparing to meet the American sailors with showers of eggs and fruit and unfriendly placards.

Tax Vote Set At Menominee

MENOMINEE — The embattled Menominee school district which last fall survived a bitter fight between teachers and the Board of Education Thursday will fight its latest battle at the ballot box.

For the third time this year, voters of the district will consider a 7.25 mill tax proposal to operate the district.

The previous two requests by the Board of Education were turned down, the second by a larger margin than the first.

Revenue from the millage would provide for salary increases to teachers and provide for operation of three new schools, including a \$3.5 million high school now under construction.

The district last year incurred a \$120,000 deficit to meet teacher contract demands and settle the school strike. In negotiations this summer, additional salary increases were granted.

If the millage proposal is defeated Thursday, the Board of Education has voted to eliminate school busing of all students, close two elementary schools, cancel driver education and cut 18 teaching positions. Sharp reductions in teaching supplies and maintenance operations also are promised.

In addition, students will purchase their own textbooks and pay higher course fees.

Student Receives NMU Scholarship

John Shelander, dean of students at Bay de Noc Community College, announced that Maureen Kell of Escanaba has received an academic scholarship to Northern Michigan University.

Miss Kell received an associate of applied science degree from the community college this spring. She will enter NMU this fall.

Some pro-American Turks expressed misgivings about the visit at a time of continuing controversy over the 30,000 U.S. servicemen stationed in Turkey.

During the "good-will" visit of another 6th Fleet task force to Istanbul last month, club-wielding, rock-throwing students injured about 20 American sailors and there were demonstrations protesting the visit in other cities. At least one student was killed and scores injured.

Despite expressions of misgivings about another fleet visit, Premier Suleyman Demirel said his pro-American government "will not be intimidated." He called the controversy a "tempest in a teapot" and ordered the undersecretary of the interior to coordinate security measures during the visit.

Anti-Americanism has been building in Turkey for some years, spurred by resentment at the considerably higher standard of living which American servicemen and their families enjoy.

There has also been resentment that the U.S. government did not take a strong stand on behalf of Turkey in its dispute with Greece over Cyprus.

Relations between Turkey and the Soviet Union have improved in recent years, and the Turks don't feel American protection is needed so much any more.

Detroit Isn't Rate Hike Foe

DETROIT (AP) — Detroit's Common Council was expected to hold hearings today on rate increases sought by the four major Michigan utility companies.

Council members reportedly had considered passing a resolution opposing a hike in electricity votes by Detroit Edison Co.

Edison, together with Michigan Bell Telephone Co., Consolidated Gas Co. Consumers Power Co. has asked the state Public Service Commission to grant rate increases.

In the past the city routinely has opposed rate boosts. However, Detroit Corporation Counsel Robert Reese said his office is shorthanded this year and would not file a brief on the matter.

Requested increases by all four utilities, if granted, would total some \$40 million a year.

The west coast has fewer thunderstorms than any other area in the country—an average of less than five a year, according to the National Geographic Society.

Half Inkster Policemen Quit

INKSTER (AP) — Low wages and a work week averaging 73 hours were given as reasons Monday for the resignation of 21 patrolmen, almost half of the Inkster police force.

City Manager Ralph DiSantis said at one point the resignations would be accepted and recruits sought to fill vacancies.

Chief James Fyke had said the city would rely on State Police and Wayne County sheriff's deputies to maintain operation.

The Inkster Police Officers Association had sought a raise from \$8,177 to more than \$9,000 after three years. There also were complaints about frequent 12-hour shifts.

Meeting Of Great Lakes Council

BAY CITY (AP)—The Northern Great Lakes Area Council, a travel promotion group made up of tourist industry leaders from Minnesota, Wisconsin, Michigan and Ontario will meet Sept. 8-10 at Bay City.

Guest Speaker for the conference will be Jack Kerr, executive director of Discover America, Inc., established by President Johnson to spur domestic travel.

State Controls Marriage Advice

LANSING (AP) — A former circus sideshow huckster found out he could make more money from willing suckers by hanging out his shingle as a marriage counselor.

"He had read a few books and was making an income of more than \$50,000 a year," reported Dr. Aaron Rutledge, chairman of the State Board of Marriage Counselors.

Mere creation of the state board, Rutledge said, was enough to drive about a dozen such phonies in Detroit out of business.

"They had no semblance of professional training," Rutledge said. "They just closed shop or folded their tents and quietly melted away somewhere."

Rutledge, director of psychotherapy for the Merrill-Palmer Institute in Detroit, reported that the new state board now is ready to start checking credentials of those applying for certification as marriage counselors.

Rutledge, past president of the National Council of Family Relations, the American Association of marriage Counselors, has been deeply concerned about the number of unqualified people working in the field.

The State Department of Licensing and Regulation has estimated that there are some 600 marriage counselors in the state who will require certification.

Rutledge thinks the figure may be a little high. He said some 300 applications have been received. Fee for the initial certification is \$25. The annual renewal fee costs another \$25.

Most of the applications, he said, have come from psychologists and those in the fields of social work and other related professions.

Dowagiac Rehires Chief, 2 Captains

DOWAGIAC (AP)—City Manager Milton Mitchell announced today Dowagiac has rehired three men who resigned from the city's nine-man fire department in a recent squabble over combining the police and fire departments into a single unit.

Those rehired were Chief Joseph Cauffman and two captains, David Bigelow and Clarence Egan.

Shortly after resigning the nine firemen attempted to withdraw their resignations, but City Council ignored this and accepted the resignations.

Mitchell said the three were rehired at their former salaries and that each would work a 12-hour shift and be off the next 24 hours. When not firefighting, the city manager said the rehired firemen would teach volunteers how to man equipment and perform duties of firemen.

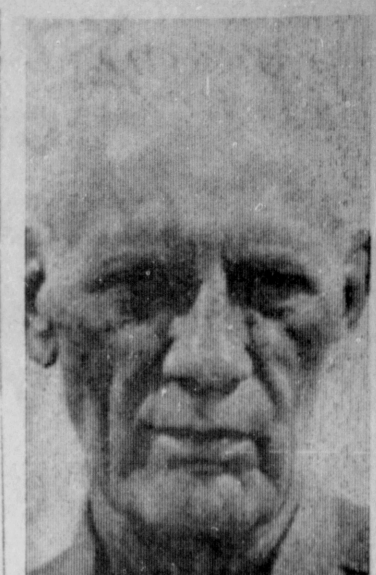

Papermakers And KC Agree

NEENAH, Wis. (AP)—Agreement on key issues was reported today in a strike against the Kimberly-Clark Corp. at five plants in four states, including Michigan.

A joint announcement by the firm and representatives of the United Papermakers and Paper Workers Union said, "company and union negotiators Sunday concluded three days of meetings in Milwaukee with an agreement on pensions and hospital and surgical insurance—key issues in strikes which shut down five company plants in four states last Wednesday. Local bargaining will be resumed promptly at the five plants. There will be no further announcements until completion of local negotiations."

The strike continued today at all locations which include Munising, Mich.; Lee, Mass.; Memphis, Tenn., and the Neenah Mill and Neenah Paper Mill.

The company has headquarters in Neenah.

Bill Groleau, the tireless pitcher for the Teamsters-VFW, champions of the Escanaba Softball Association, hurled 33 games this past season posting a record of 20 wins and 13 losses, including two one-hit games. Teamsters-VFW dethroned last year's champion Escanaba Merchants to pick up the title.

Roger Johnson scored his first hole-in-one Saturday at the Gladstone Golf Club, sinking his tee shot on the par three fourth hole while qualifying for the club tournament. Johnson was playing with Roy Hawkinson and Jim Reese.

Northern Michigan University has named former graduate assistant Pat Arsenault as freshmen football coach. Arsenault was Northern's end coach and scout while serving as a graduate assistant during the 1967 season.

The Menominee Maroon cross country team received a blow when it was learned that Gordon Pekuri, the top distance runner in the peninsula, is moving to Ironwood with his family. Pekuri's father is the director of the Menominee County Department of Social Services and has been transferred to Ironwood.

Dick Berlinski, former Kingsford High School grid stand-out, is expected to battle regular fullback Regis Cavender for the starting position on this year's Michigan State football team. Berlinski had knee troubles last season which resulted in post-season surgery.

Bob Wills, outstanding lefthander for the Wisconsin National Life softball team allowed just three runs in his final four games in the U. P. Class A softball tournament at Ishpeming over the weekend. Wills threw a one-hitter in the tourney finals to win the championship for his team.

Dave Andrews of the Escanaba Country Club and Gerry Harris of the Highland Golf Club will be out to defend their titles in golf tournaments at the two clubs this weekend. Andrews stopped Don Feller in last year's final match and Harris won the title over Jack Smith at Highland last year.

Olympic Athletes Make Adjustment

SOUTH LAKE TAHOE, Calif. (AP) — Altitude regardless, U.S. competitors will shine in the Olympics at Mexico City in October. That's the consensus at this U.S. Olympic Committee Medical Testing Center.

"A good athlete will be good, no matter where he is," says Dr. William P. Plummer, committee physician.

Most Olympic hopefuls know they need time to adjust to an altitude like the 7,349 foot level of the stadium at Mexico City. To date, more than 200 of the nation's track and field stars have volunteered for testing at this 7,377-foot-high Sierra Nevada training site provided by South Lake Tahoe at a cost of \$262,000.

"There's 25 per cent less oxygen up here," explains Dr. Plummer. "An athlete arrives with a normal amount of red blood cells (the oxygen carriers), but his bone marrow

Baltimore Loses Chance To Gain Pennant Ground

By The Associated Press
With the bases loaded in the ninth inning, the Baltimore Orioles ran out of Dave McNally's missing another chance to gain ground on the Detroit Tigers, who had more than enough Earl Wilson.

Baltimore had cut another half game off Detroit's lead when McNally belted a grand slam homer and a run-scoring single and hurled a six-hit 8-2 victory over Oakland in the opener of their twilight doubleheader Monday.

But with three men on and one out in the ninth of the nightcap, the Orioles had used up their McNally and Diego Segui pitched out of the jam to give the A's a 2-0 triumph.

Still the Orioles had a chance to cut into Detroit's lead, until Wilson swung his bat and arm, driving in two runs behind his own six-hitter for the Tigers' 3-0 decision over the Chicago White Sox.

The outcome left Baltimore backing up, reversing a week-end trend, and Detroit increased its American League lead over the Orioles to 5½ games. In other games, Boston and Jim Lonborg blanked Cleveland 3-0, Minnesota beat Washington

Tigers Shutout White Sox; Wilson Scatters Six Hits

MILWAUKEE, Wis. (AP) — Detroit Manager Mayo Smith has a foolproof recipe for winning the American League pennant. "All we have to do is win," Smith said Monday night after his Tigers broke a four-game losing string by blanking the Chicago White Sox 3-0. "As long as we win, we don't

have to worry what the other teams are doing," he said. Tonight Smith sends Joe Sparrma, 9-10, to the mound to face Chicago's Joe Horlan, 9-11. While Detroit was winning, the closest competitor, Baltimore, was splitting a doubleheader with the Oakland Athletics. That gives the Tigers a 5½ game lead in the flag race with an important three-game series with the Orioles in Detroit coming up this weekend. Earl Wilson evened his record

at 11-11 Monday night while scattering six hits. He pitched with just two days' rest. "He did a good job tonight," Smith said of Wilson. "The cool weather here helped him to go the route. In fact, the weather helped us all. We have been playing in some real pressure cookers lately." Smith said he picked Wilson to start so that the right-hander will be ready to open the Baltimore series Friday night. "Earl always has done well

against the Orioles," he said. Earl didn't do too badly against the White Sox, either. Besides hurling the shutout, Wilson chased across the first two Tiger runs. He was hit by a pitch in the second to force in the first run, then singled in the seventh to send Bill Freehan across the plate. Detroit's final run came in the eighth on a single by outfielder Mickey Stanley, a sacrifice by Jim Northrup and Norm Cash's long single to center.

Chicago's nine-game league series in Milwaukee County Stadium, one game against every other American League club, wound up with a total attendance of 265,552, an average of 29,506.

Monday night's crowd, the largest of the year, was 42,808.

Johnny Green Signs Contract

PHILADELPHIA (AP) — Former Michigan State University basketball star Johnny Green signed a one-year contract Monday with the Philadelphia 76ers of the National Basketball Association.

The 6-foot-5 forward, who will be 35 in December, joined the 76ers midway through last season. He played with the New York Knicks and Baltimore Bullets before joining the San Diego Rockets last year. Philadelphia bought Green's contract from the Rockets.

Many Veterans Sliced From Pro Grid Rosters

By The Associated Press
When the Saints go marching in, Obert Logan and Ray Rissmiller won't.

The two New Orleans veterans were among more than 75 players turned loose by the pro football clubs Monday—the final day for meeting the latest league roster limits.

National Football League teams were required to cut their rosters to 49. American League teams to 43. And several clubs slashed away with gusto.

Kansas City released seven players, including four of its top 10 draft picks, while Chicago, San Francisco, Pittsburgh, Washington and New Orleans of the NFL and New York of the AFL all released a half dozen players or more.

Most of those cut left camp without a word. One who didn't was Booth Lusteg, 29-year-old placekicker released by Miami of the AFL.

"I think they made a mistake," charged Lusteg, who said he had been expecting it since missing a 30-yard field goal last Friday that cost the Dolphins a chance to beat Boston in the last seconds of an exhibition.

"I don't want to make it seem like I'm poor-mouthing," said Lusteg, "but I've studied kicking a long time. I had a good record last season and I think Coach (George) Wilson made a mistake."

In addition to releasing Logan, free safety acquired from Dallas in the NFL expansion draft, and Rissmiller, Philadelphia's No. 2 draft choice in 1965, New Orleans also cut six others, including No. 3 draft choice Ronnie South of West Texas State.

Kansas City went a step farther in releasing once-promising talent. It let go No. 2 draft pick

NEW YORK YANKEE pitcher Rocky Colavito warms up before relieving teammate Steve Barber in the fourth inning of the first game of a doubleheader against the Detroit Tigers Sunday. Colavito got credit for the victory in the first game and hit a home run in the second game, also won by the Yankees. (AP Wirephoto)

Lonborg Lauded After 3-Hitter

BOSTON (AP) — Jim Lonborg, the Boston Red Sox' 1967 Cy Young Award winner, quietly accepted congratulations on a job well done. Catcher Russ Gibson summed up the feeling of the Boston players in a half dozen words.

"It's great to have him back," Gibson said as Lonborg soaked his arm in ice after a brilliant three-hitter in a 3-0 victory over the Cleveland Indians Monday night.

"It's been a long, long time," Lonborg said in the wake of his first complete game since the World Series with the St. Louis Cardinals last fall.

"My arm feels good, the best it has felt all year," the 25-year-old pitcher said. "I'm down to 193 pounds, 17 under what I'd like to weigh, but I didn't tire. I finally was hitting the corners."

Lonborg, plagued by a knee injury suffered in a skiing accident last winter and then bothered by shoulder trouble, looked like the pitcher who won 22 games in pitching Boston to the pennant a year ago.

"He threw hard and had good stuff," Gibson said. "He was hitting the spots he wanted. And his fast ball was moving."

Lonborg threw 121 pitches, struck out nine and didn't walk a batter in boosting his season record to 4-5. His control was so fine that he ran the count to 3 and 2 against just two batters.

"He threw a great ball game," Boston Manager Dick Williams said in praising Lonborg. "He was back to his 1967

form tonight. I just hope he's back to stay. We can certainly use him."

The Red Sox, beaten by rookie Horacio Pena a week ago, jumped on the rookie right-hander for two runs in providing Lonborg all the cushion he needed in the first inning.

Mike Andrews led off with a double and took third on a single by Dalton Jones. Carl Yastrzemski scored both runners with a double to center.

Pete Peterson To Defend Title

Defending champion Pete Peterson will be back to defend his title in the Gladstone Golf Club's Men's Tournament, Bill Wood captured medalist honors in the qualifying rounds with a 68.

Golfers are to schedule their own matches, but tee times will be posted for Sunday and Monday. The championship finals will begin Monday at 1:30.

Pairings for the championship flight are:

Top Bracket
Pete Peterson vs. Tom Stade
Joe Butch vs. Phil Legault
Fran Peterson vs. Jim Peterson

Bottom Bracket
Grier Ivory vs. Norm Butler
Bill Wood vs. Augie Altese
Dean Roddy vs. Harry Schoch

Clay Refused Fight License

PITTSBURGH (AP) — The Pennsylvania State Athletic Commission refused Monday to license former heavyweight boxing champion Muhammad Ali for a one-shot exhibition bout in Philadelphia.

In rejecting Ali's application, the commission said it could not grant a license because Ali, by his own admission, had been convicted for violation of the Federal Selective Service Act in June, 1967.

The commission vote was 2-1. Ali, known as Cassius Clay before turning to the Muslim religion, applied for the license Aug. 19. He said he had been asked to appear by various Negro organizations in the Philadelphia area including the Black Coalition and National Association for the Advancement of Colored People.

"I am willing to go to Philadelphia," he wrote, "to help the youth of the ghetto remain within the confines of the law, to help keep the youth on the right track, to talk to the various gang leaders and to aid the youth of the black ghettos."

All said he planned to set up a training headquarters and after a month or so fight an exhibition, with part of his purse going to Black Coalition groups. Commission members said Stanley Branche, a Philadelphia civil rights leader and director of the Black Coalition, had promised to match Ali "with someone of champion status, either a Joe Frazier or a Jimmy Ellis."

Mets' Rookie Breaks Ice Against Cardinals

By The Associated Press
The first two runs the New York Mets scored for Jim McAndrew came a little too late ... and a little too early. The next one came just in time.

McAndrew, shut out in his first four major league starts and beaten 13-3 in his fifth try after receiving an early two-run boost, finally broke the ice Monday night with a 1-0 victory over the St. Louis Cardinals.

The 24-year-old right-hander completed a five-hitter against the National League leaders after the Mets broke a scoreless tie on Cleon Jones' sacrifice fly in the eighth inning.

The run gave McAndrews a total of three in his 38 1-3 innings in the majors. Elsewhere, Gaylord Perry fired a one-hitter as San Francisco trimmed the Chicago Cubs 3-0; Pittsburgh blanked Atlanta 4-0 behind Steve Blass; Cincinnati edged Philadelphia 6-5 and Los Angeles shaded Houston 4-3.

McAndrew had the dubious distinction of making his major league debut against the Cardinals and Bob Gibson two months ago. He allowed only one run in six innings, but Gibson blanked the Mets 2-0.

In his next outing, the Met rookie lasted 4 2-3 innings and lost 2-0 to Los Angeles' Mike Ketchum, who tossed a one-hitter. He dropped a pair of 1-0 duels to San Francisco's Bob Bolin and Houston's Don Wilson in his third and fourth starts, then took on the Giants' Juan Marichal last Wednesday.

The Mets scored twice in the third inning for a 2-1 edge, but the shock proved too much for McAndrew. He was driven from the mound in a five-run fifth-inning deluge and tagged with his fifth straight setback.

Monday night he turned the tables, outpitching southpaw Steve Carlton, 11-9, who took his fourth straight loss.

Tommye Agee led off the eighth with a single and Phil Linz sacrificed. Agee then stole third and flashed home on Jones' fly to right, giving McAndrew the nod.

Perry retired the first 19 batters he faced, gave up a single through the middle by Glenn Beckert in the seventh and then knocked off the last eight Cubs in order.

Willie Mays drove in two runs with a single and his 17th homer, assuring Perry's 13th victory in 24 decisions. Mays also doubled and scored in the ninth as the Giants won for the 13th time in their last 16 starts.

Blass scattered nine hits on the way to his 12th victory against five defeats and the Pirates capitalized on Atlanta errors to pin the loss on Milt Pappas.

Maury Wills singled in the first inning, stole second and continued to third on catcher Joe Torre's overthrow before scoring the only run Blass needed on a sacrifice fly by Matty Alou.

Jim Beauchamp slammed a two-run homer in the fourth inning and drove in the Reds' winning run with an infield single in the seventh, offsetting a grand slam homer by Philadelphia slugger Rich Allen.

Another Pennant Hope To Bring Kaline Back

NEW YORK (AP) — If Al Kaline finally grabs the brass ring this fall, what else can keep the Detroit Tigers' star-crossed superstar plugging for another long season?

"Another pennant," said Kaline, who appears headed for his first World Series after 14 frustrating years as one of the premier outfielders in the majors. "I'd like to see Detroit come back and take it again ... to dominate the American League for a couple of years."

"It hasn't happened for some time ... not since the Yankees. It would be a tremendous feather in Detroit's cap."

Kaline, a perennial All-Star since 1955, when he became the youngest player ever to win the AL batting title, believes the front-running Tigers will go on to nail their first pennant in 23 years.

"It would cap off a pretty good career," he said. "It would be the highlight of my life. Whether I do good or bad in the Series won't be that important. Just being in it will be enough."

Although sidelined Sunday by the latest of a string of injuries that has plagued him since he broke in with the Tigers as a teen-ager in 1953, Kaline has no immediate retirement plans.

"I'm going to play next year," he said. "After that I'll just have to see ... to take it year-by-year."

The 34-year-old hustler suffered a pulled groin muscle running out a double in the first game of Sunday's doubleheader against New York, then aggravated the injury pinch hitting in the nightcap. Earlier in the season he was shelved for more than a month when a Lew Krausse pitch broke his right forearm. A lifetime .305 hitter, he is hitting .276 this season after raising it 40 points in the last month.

In June 1967, Kaline jammed his bat in the bat rack after striking out and broke a finger. He was on the disabled list for a month. Earlier mishaps included a broken cheek bone in 1959, a broken collarbone in 1962, a rib injury in 1965 and a chronic foot ailment that was corrected by surgery the same year.

"I don't consider myself unlucky," he said. "Too many good things have happened to me in baseball to consider myself unlucky."

"I'm disappointed in the sense that other guys get hit by a pitch and get a bruise while I get a cracked bone. And other guys dive for a ball and get the wind knocked out of them while I break a collarbone."

The Tigers' recent history of near misses in the American League didn't disturb Kaline as much as would be expected either. Until 1967 at any rate.

"Last year was the only time I was really disappointed," he said. "We had a real shot and I thought we had the best team. The closest we came before that was 1961, when we finished second, but we were about 10 games behind the Yankees."

"This year we can take it. The fans deserve it. They've been loyal."

Pitts Injured; May Miss Games

GREEN BAY, Wis. (AP) — The Green Bay Packers said Monday that halfback Elijah Pitts may miss the next two games because of a knee injury suffered during practice prior to Saturday's pro football exhibition victory over Dallas.

Pitts was out for much of the 1967 season with an injured achilles tendon, and was injured again during the College All-Star game in Chicago Aug. 2.

The Packers announced having traded linebacker Dick Capp to the St. Louis Cardinals for a future, undisclosed draft choice. Capp, from Boston College, had been tried on the Packer kickoff and punting squads.

OUR BOARDING HOUSE with Major Hoople

OUT OUR WAY

by J. R. Williams

Auxiliary Has New Officers

Officers elected by the American Legion Auxiliary of Post 83 recently at the Youth Center are:

Mrs. Gladys Mercier, president; Mrs. Martha Malloch, vice president; Mrs. Helen Hockstad, secretary; Mrs. Vivian Hahne, treasurer; Mrs. Clara Whitman, chaplain; and Mrs. Margaret Peck, sergeant-at-arms.

Executive board committee includes Mrs. Gertrude Stephens, Mrs. Bertha Harding, and Mrs. Minola Weber. Officers will be installed at the September meeting of the Auxiliary with Mrs. Malloch conducting the site.

Reports were received from Mrs. Peck on the card sale and the honorable mention the Auxiliary received for fulfilling their quota of membership.

Members of the Auxiliary serving as chairmen of district committees include Mrs. Mercier, national security, and Mrs. Hockstad, membership.

A white elephant sale was held and a potluck lunch served. Members are asked to pay dues before Oct. 20.

Couple Injured In Collision On Maple St.

Manistiquette Public Safety ambulance took Mr. and Mrs. Frederick Bastien, 16713 Archdale, Detroit to the Schoolcraft Memorial Hospital at 1 p.m. Monday after an accident at the corner of Oak and Maple Streets.

The Bastien auto was struck by a truck driven by Howard Leroy Yale of Gould City when it pulled in front of the truck onto Maple Ave. Yale was east-bound on Maple St. The Bastien auto was considerably damaged.

City police are continuing an investigation.

MANISTIQUE

Public Schools Opening At 9 On Tuesday, Sept. 3

The Manistiquette Area Schools will open with meetings for teachers and for all school personnel on Tuesday, Sept. 3. All teachers will report to their individual classrooms in the schools from 9 a.m. to noon to prepare lesson plans and materials, and to meet with their principals. At one o'clock all personnel, teachers, aides, auxiliary employees, will meet in the high school auditorium for a general orientation session.

All students, kindergarten through 12, will report for classes on Wednesday, Sept. 4. Classes begin for high school and Central junior high students at 8:12 and for Manistiquette elementary students at 8:45.

Nine double elementary grades have been eliminated this year. Elementary grade assignments are as follows:

Doyle, Mueller, and Fairview kindergarten, first, second, and third grades will attend school at Doyle, Fairview area kindergarten students will meet mornings, and Doyle-Mueller pupils will attend the afternoon session. Germfask kindergarten students will also be scheduled for the afternoon session at Doyle.

Doyle, Mueller, and Fairview fourth, fifth, sixth, seventh, and

eighth graders will attend classes at Fairview School.

Central and Lakeside kindergarten, first, second, and third graders will attend Lakeside School.

Central and Lakeside fourth graders will meet at Central School. Central fifth and sixth graders will attend Central

School. Lakeside fifth and sixth graders will be at Fairview School.

All other students will attend classes in the schools where they were last year unless parents have made arrangements through the elementary office to have their children transferred, or unless they change schools because of grade promotions.

The hot lunch program will begin for Central Junior High and Manistiquette High School, Doyle, Fairview, Germfask, and Hiawatha schools on Wednesday, the opening day of school. Parents who wish their children to participate should send 90 cents with their children to take care of the three days of the first week.

State Police Being Shifted

Cpl. David L. Snowaert and Trooper Ronald D. Parkinson, both of the Manistiquette Post of State Police, are being transferred to Lower Michigan in September with two new men assigned to the Manistiquette Post to replace them.

Cpl. Snowaert is being transferred to Pontiac and Trooper Parkinson to the East Lansing Post. Snowaert has been in Manistiquette for one year and Parkinson for a year and a half.

Trooper Robert G. Berghuis of Petoskey is being promoted to corporal and assigned to Manistiquette and Trooper Joseph G. Kimble is being transferred to Manistiquette from Rockford. The men are to report to their new stations on Sept. 9.

State Asks For Riot Aid Funds

LANSING (AP)—Gov. George Romney reported today Michigan has applied for \$186,180 in federal funds to assist local units in riot prevention and control.

The governor said, however, that local requests for federal funds channeled through his office added up to more than \$2.33 million.

The federal funds made available in the anti-riot program, added to the required 25 percent in state and local matching funds would total \$248,000.

"It is obvious that there will not be nearly enough money to meet the requests of our cities, townships and counties," Romney said.

"In order to do the best job we can within the available funds, we have requested that the total federal grant go to our local units and that none be retained for state programs," Romney said.

Paul Kirchmaier Dies In Toledo

Mrs. J. Joseph Herbert has received word of the death of Paul Kirchmaier, 72, of Toledo, who died Saturday. Private funeral services were held today in Toledo. His wife is the former Virginia Chesborough of Thompson. Mrs. Kirchmaier died about five years ago.

Mr. Kirchmaier was well-known in the Manistiquette area and was a frequent visitor. Between 1940-45 he lumbered in the Tahquamenon River area near Newberry. Survivors include two sons and one daughter and several grandchildren.

Briefly Told

Todd Chambers, 17, 742 Garden Ave. was ticketed for violation of the basic speed law on Saturday following an accident on U.S. 2, east of County Road 439. Chambers told state police he fell asleep, went off the roadway, and knocked over five guard rails. The accident occurred at 6:25 a.m. with extensive damage reported to the car. The auto is registered to Mennen and Charles Cousineau, 713 Deer St.

Daniel Faketty, 10, 524 Garden Ave., Brent Nygard, 11, 526 Garden Ave., and Rocky Rochefort, 11 Park Ave., turned in a fishing rod and reel they found on the fish docks near the Yacht Club on Saturday. The owner may claim the rod and reel by identifying it to the Michigan State Police.

George Carroll, 15, of Thompson reported to State Police the theft of his bicycle near the Thompson Creek on Saturday. The bicycle is a 20-inch maroon colored with banana seat.

Paul Tomlinson of Steuben reported two children in the Steuben area were carelessly discharging firearms. They were found and their mother informed of the children's activities. Tomlinson indicated he might press charges against the two boys—one age 12 and his brother, age 16. The boys were allegedly shooting birds and carelessly firing a .22 rifle.

Hospital

Admitted to the Schoolcraft Memorial Hospital: Lucille Norton, Rowens Loebel, Donna Malloy, Albert Lavigne, Mary Campbell, Arvo Kallio, Gordon Bellville, Ward Richmond, Ralph Clawson, Lawrence Koskiat, David Wood, and Thomas Teed.

Discharged: James Colegrove, Sue Madwell, Robert Hartley, Gerald Turek, Paul Vezina, Juanita Massey, Janet Marks and Thomas Smith.

Births

NORTON — To Mr. and Mrs. Curt Norton, Box 388, Manistiquette, a girl Aug. 24 at Schoolcraft Memorial Hospital weighing six pounds, seven and one-half ounces. The mother is the former Lucille Schnur.

MALLOY — To Mr. and Mrs. Daniel H. Malloy, 226 Deer St., Manistiquette a girl Saturday, Aug. 24 at Schoolcraft Memorial Hospital weighing seven pounds, eleven ounces. The mother is the former Donna Hoholik.

City Briefs

Community School director Richard Bonifas will address the Senior Citizens Club tonight at 7:30 in the K-C Hall on community education, adult enrichment, and exercises for older adults. The public is invited and there will be no admission charge.

The centaurs of Greek mythology were a wild race, half-horse and half-man.

Matter Of Money:

Council Ponders Dollar Problems

Two requests which would tax the genius of financial wizards Paul Getty or Alexander Hamilton were heard Monday night by the City Council.

In both cases the city is anxious to react in a fair and equitable manner, they said, but there is one formidable hurdle to overcome: Lack of money.

Mrs. Donald St. John, 308 Weston Ave., appeared asking for any new information on the city proposal to buy the Weston Ave. home sites and relocate the residents, since they face state condemnation of their property. Weston Ave. has inadequate waste water drainage with the resulting pollution of the Manistiquette River.

Since the city has only \$35,000 available to effect a workable program and the approximate valuation of the Weston Ave. block is \$55,000 the lack of \$20,000 looms as the No. 1 obstacle to be overcome.

No Funds

City Manager Robert Noe told Mrs. St. John he was still attempting to have a home mover inspect the houses on Weston Ave. and determine which could be moved to other locations.

The city will seek state or federal money under an Urban Renewal program to assist in the transition. But since Urban Renewal funds are not available at the present time, Noe said he thought it would take at least two years before funding would be available — assuming some agency would approve the request.

Noe said he felt an individual negotiated deal with each property owner would be the fairest approach and restated a proposed four-point policy procedure program he recommended to Council on Aug. 1:

Four Points

1 - Home owners would be paid the cost of moving their house to another location with the home owner contracting to move the structure and opting to move or destroy the property.

2 - The home owner would be paid valuation of lots in addition to the cost of moving the house. It would be the responsibility of the home owner to buy a new lot on which to locate his house.

3 - In the few cases where in adequate foundations — cement or block — is under the building to be moved the city would pay the cost of a new foundation on the new site. In cases where the house is situated on an inadequate foundation the new foundation would be the responsibility of the home owner.

4 - In cases where the home owner's house is in such condition it cannot be moved, a negotiated deal would be made to purchase the house outright for a reasonable cost.

Financial crisis No. 2 arose

when a petition was received from residents of the Cattaraugus St. requesting that their street be seal coated. Since no money is available for seal coating the streets this year, the residents were told there was the possibility of applying chloride, but no final action was taken.

Council indicated it would consider a priority work order for next year on Cattaraugus St.

In other business: Savings Insurance Agency low bid of \$822 annual premium for fire and extended coverage insurance on city buildings and equipment was accepted. Three bids were received on base valuation of \$638,900 for a three-year period.

Councilman Thor Reque was designated official delegate to the Municipal League conference in Lansing on Sept. 17, with Councilman A. J. Cayia Jr. alternate; the public safety director and one councilman will also attend a regional Governor's Safety Commission meeting in Marquette on Sept. 14.

Ask Improvement

Emil Knopf, local insurance agent asked that he be allowed to bid on a proposed pension plan for city employees and was told he was to receive specifications enabling him to submit a bid. Okayed for demolition was a vacant house on the north end of First St.

Councilman Cayia remarked that U.S. 2 approaches both east and west of the city are in their present state of disrepair, and asked that a resolution be adopted requesting the State Highway Commission survey the area with an eye to widening and resurfacing U.S. 2. A copy of a unanimous resolution will be sent to Rep. Charles Varnum and Congressman Phil Ruppe.

A joint meeting between Council, City Planning Committee and the City Zoning Board was set for Sept. 13 at 4:30 p.m. A public hearing will also be held at that time on rezoning the area where the proposed senior citizens housing project will be located.

Church Events

First Baptist

The Sharing Program of the First Baptist Vacation Church School will meet at the church tonight at 7. The Michigan Baptist Men's Retreat will be held at Lake Louise on Aug. 31, Sept. 1-2. John Carstensen should be contacted for registrations. A spiritual life retreat for women will be held in Traverse City Sept. 18-19. Mrs. Edwin Ekdahl should be contacted for registration as soon as possible. Observance of communion will be at the 11 a.m. worship service Sunday. On Wednesday silent prayer time will be held in the church sanctuary from 7 to 9 p.m.

Spending Still High Despite Tax Boost

NEW YORK (AP) — Signs of an economic downturn that were supposed to be flashing like traffic lights by now still haven't been seen even by economists who claim 20-20 vision.

All the indicators remain high. Spending, income, employment and so on continue at high levels. The Gross National Product is somewhere around \$860 billion and growing, and mortgage rates haven't come down.

Though it is still too early to worry, some economists are a bit edgy. The lack of clear evidence of effects from the tax increase is beginning to cause a re-examination of data by economists of almost every persuasion. Some are tending to shift their views a bit.

Slowdown Coming
As a result, there is a growing feeling that although an inevitable

slowdown is coming, the time and size might be different from what was expected.

The most curious aspect of this no-signal that the economy is now traveling is consumer spending. Although higher taxes have cut into take home pay, people have continued to spend freely. Retail sales in July were very strong.

There are several explanations for this: a desire to buy automobiles before prices rise, a tendency to spend with abandon in this vacation atmosphere, and simply the inability to suddenly change old spending habits.

Savings High
If consumer spending continues to ignore the tax increase, however, a few estimates are going to look very, very bad. And the present trend indicates consumers will continue to spend heavily for many more weeks.

The explanation of this is found in the very high rates of personal savings in the second quarter of the year, some 7.7 per cent of take home pay. For a man with after-tax pay of \$100 that means \$7.70 a week or \$400 a year in the bank.

A survey by Sindlinger & Co. tends to confirm this view that the consumer is well prepared for a reduction in his buying power.

Paying Bills
This month Sindlinger found that more than 48 per cent of all consumers felt that their savings-debt ratio had improved in the past six months. They were paying bills and banking at the same time. Now they are financially secure enough to continue spending.

Rep. Ford Speaks At Texas Dinner

AUSTIN, Tex. (AP) — U.S. Rep. Gerald Ford, R-Mich., who hopes enough Republican congressmen will be elected in November to make him speaker of the House, invaded President Johnson's home district Monday.

Ford came to Austin to address a \$100-a-plate fund raising dinner for Ray Gabler, a Republican who is trying to evict Johnson's pal J. J. (Jake) Pickle from the House seat he has held since 1963 and which the President also once held. Johnson's voting residence, his boyhood home in Johnson City, about 60 miles west of Austin, is in Pickle's district. "We think this particular congressional district is a district that can and should be Republican," Ford said at a brief airport news conference.

Sometime before winter, however, the consequences of the \$16 billion double dose of a cut in government spending and an increase in taxes will begin to slow the boom, and maybe even end it. But when, and with what impact?

This is where the argument now lies. No longer do economists disagree much on whether the double dose was needed. The cleavage of opinion is over the result: Will it be a slowdown or will there be a recession?

Extend Surtax
Even at this early date some men in government and in private endeavors have suggested that the 10 per cent surcharge on corporate and personal income taxes should be extended beyond its June 30, 1969 cutoff date.

The downturn is coming, for sure, but the consumer, the war, the politicians and that mysterious ingredient called the mood of the nation are making it very difficult to say where the economy will be next month or next year.

Nixon Wins As Peacemaker

PRINCETON, N.J. (AP) — Americans believe Richard M. Nixon, the Republican presidential nominee, could do a better job of dealing with the Vietnam war than either leading contender for the Democratic nomination, the Gallup Poll reported today.

When Nixon and Vice President Hubert H. Humphrey were paired on the question of who could best handle the war, Gallup said the sample survey found 54 per cent said Nixon, 27 per cent said Humphrey and 19 registered no opinion.

When Nixon was paired with Sen. Eugene J. McCarthy, the figures were 52 per cent for Nixon, 29 per cent for McCarthy and 19 per cent with no opinion. Gallup said the nationwide survey of 1,526 adults was taken after the Republican National Convention two weeks ago.
